### MRS. ZAHN PROTESTS 'G' LINE BUS CHANGE

Albany City Councilmen Monday night approved a volume of business in a stormy three-hour session, most of which brought strong protests from Councilwoman Mrs. Kathie Zahn.

Over the protests of Mrs. Zahn, the Council approved some \$5700 in State matching funds to be used for preliminary work on the new city library and enlargement program of the Albany Pre-School.

On a motion of Councilman John C. Longaker, the Council voted 3-0

to authorize the City Attorney to apply for \$1800 in State funds to be used in drafting plans for the library project. The Council then approved an \$800 contract with Architects Young and Lloyd of Albany to draft the library plans. The Library Board recommended both actions.

Mrs. Zahn protested the action on the ground that city funds to match the State grants were not available, and that "a bond issue would be a burden on the taxpayers." She held that the State funds should be used for more essential uses.

The Pre-School Mothers Club won the Council's approval to take over the north wing of the Recreation Department Building to enlarge their co-operative day nursery. It was pointed out by the Council that other facilities would be found for offices presently housed in the building, including the Recreation and Health Departments and Albany Civil Defense.

The Council authorized \$1500 from the General Fund to be used with \$1000 raised by the mothers for alterations on the north wing when vacated. The mothers said that cost would be kept at a minimum, since most of the labor would be donated by fathers.

The Mothers' Club was also authorized, to check the cost of a 25 by 25 lot adjacent to the present building to be used as an additional playground area.

The three proposals were passed 3-0 on motions of Councilman Longaker, with Mrs. Zahn not voting. She opposed the budgeting of money for the project on the ground that the "city did not have the money."

Speaking as a member of the finance committee, Councilman Longaker said he knew an account from which the money might be transferred. Mrs. Zahn asked, "where," but he did not answer.

Another controversy came when a letter was read from the Key System notifying the Council that beginning March 25 the "G" bus line would be discontinued during rush hours.

Mrs. Zahn asked the Council's support in protesting the proposed change, but no formal action was taken. The Council decided to request the Key System to send a representative to the meeting Monday night to explain the schedule change.

The letter stated that the Richmond to San Francisco "L" line will be re-routed from East Shore Highway to San Pablo Ave. during the off hours. The "43-A" will travel down Solano Ave. and connect with the "L" line on San Pablo Ave.

Speaking as a private citizen, Mrs. Zahn said she would make a formal protest.

Dear Jane:

Have you been to CANDY LEAF COTTAGE ON Solano Avenue recently and seen the beautiful display of Easter Baskets and decorated toys they have there? Reasonable, too. I bought the cutest basket for Helen only 10 cents and a Baby Buggy Basket for Mary at 25 cents.

They have everything for the small tot to the grownup in an Easter Gift. The candy used in the baskets and toys is the finest made for children and to me this is important.

I also found Buzza Cardoza Easter greeting cards and the selection was wonderful.

Remember I told you I was looking for a necklace and earrings to decorate last year's dress. I found it at Candy Leaf Cottage, and it was so reasonable and just what I wanted. I don't feel quite so bad about not having a new dress or an Easter outfit.

My trip to Candy Leaf Cottage was well worth the time, although they don't open until noon but are open until 9 at night. So after Ben comes home from work he can stay with the children while you run down to Candy Leaf Cottage. I'm sure you'll find everything you want.

Don't forget it's CANDY LEAF COTTAGE AND GIFT SHOP, 1396 Solano Avenue, Albany.

As Ever,  
Mary.

**Attractive Gifts Made With Match Boxes And Gay Papers**

By ANNE GARY  
ANS Features  
Don't throw away anniversary, birthday or Easter cards, and be sure to save the fancy paper your presents were wrapped in. Look up old Christmas cards and gift wrappings. . . chances are they're still around the house. Hang onto those Valentines—transform them into attractive stamp, recipe, thumb-tack, pill or hobby boxes for the whole family. Since materials you need are things you're sure to have around the house anyway, all it costs to make these unique gifts is a little time and imagination.  
Start with an empty kitchen match box, a pair of scissors, some glue or rubber cement. (Rubber cement is easier to work with, and less likely to show through thinner papers.) Cut out your favorite scene from a greeting card and paste on top of the box. Use other card scenes or decorative wrapping paper cut to size for ends and sides of the box. Gold and silver foil, or any of the colored metallic papers give a rich-looking effect. Striped wrappings make particularly attractive gift boxes, but when using them be sure to match

Decorative stamp, recipe, thumb-tack, pill and hobby boxes made from things around the house.  
the stripe design at each corner for a neater effect.  
Hint for keeping the youngsters busy and happy in the house on a rainy day. . . have them save Dad's empty safety match boxes to cover. They'll have fun decorating them.

### BEAUTY—News & Views

By TONI WOODWARD—ANS Staff Writer

**FRESH AS SPRING . . .** Nature's heralds of spring beauty are "bustin' out" all over. And lovely ladies are clapping them to their bosoms, pinning them on spring topcoats, clipping them in their hair and arranging them in great bowls on the dining room table. Of course, the beauty heralds are fresh flowers of spring. Now more than ever flowers are playing a personal role. According to Alyn Wayne, stylist of the Florists' Telegraph Delivery Ass'n, this spring's beauty colors are derived from the natural hues of pink roses, and the gentle pastels of the iris, lilac and sweet pea.

Fresh beauty is the keynote of this year's glamorous parade, says Wayne. Every charming lady from sixteen to points west can make the years fade away with the aid of nature's own beauty treatment. Fresh flowers carry that indefinable extra that comes with every great original. Take this prescription for spring beauty from stylist Wayne of FTD: First, take a walk in the fresh spring air, then stop in at your favorite florist and have him make you a corsage or floral hairpiece, next, with your beauty toned up by fresh air and fresh flowers take your magic glow before the eyes of your husband or sweetheart. If his eyes don't light up and say "Tilt," he needs a dose of vitamins. The secret is simply in fresh charm—your fresh beauty and the delightful color accent of fresh flowers.

**YOUNG AS SPRING.** When your birthdays number "31 plus," your skin need not give the secret away, if you take a jar of Pond's Dry Skin Cream into your confidence. For the natural oils decrease as your birthdays roll on, so stay "young as spring" by replenishing these oils. This homogenized cream breaks up the lanolin (it's the lanolin that does the job) into minute particles to make its rich emollience more readily available to your skin. It also does wonders

If they wouldn't find much favor and peace with God and man, be very low in their own eyes. Forgive thyself little and others much. — Leighton.

### NEW AS SPRING!

Is your hair dye or color rinse growing out? There is an ingenious jumbo hair pencil created by a famous family-firm of hair specialists, especially to disguise that growing-out tinted or dyed hair or to cover those first scattered gray locks. It comes in six natural shades; light, medium or dark brown, blonde, auburn or black and can be toned down with tissue or washed out with shampoo. It is easily applied by just dipping the pencil in warm water and stroking it over the discolored hair line or graying hairs — is so safe that it is suggested for eyebrows as well, and does not affect permanents, dyes or any hair treatment. "Two slightly different shades of hair pencils are advisable for an impossible-to-detect job," say Ogilvie Sisters who created this hair pencil. "Women tell us it is the most important \$1 item on their dressing tables today." Hair "changes" are not frowned upon nowadays as they were in Grandma's day but that tell-tale hair line which appears between beauty appointments is frowned upon, not only by the gal whose problem it is but also by that tall-dark-and-hand-some one who has a bird's-eye view. Confidentially, we're told that men are as interested in this one as are women.

### Albany Democratic Women Name Officers

Election of officers highlighted a recent luncheon meeting of Albany Women's Democratic Forum, during which Mrs. Kay Hartwig was seated as president.

Other officers elected were Mrs. Minnie Lou Eakin, first vice-president; Mrs. Thad Lee, second vice-president; Mrs. Anna Murphy, third vice-president, and Mrs. Bernice K. Wims, secretary and treasurer.

Named for the board of directors were Mrs. Bertha Scholtz, the retiring president, Mrs. Harry Lane, Mrs. Judith Manza, Mrs. Eakin and Mrs. Iis Hardie.

The Forum has established permanent headquarters at 977 Kains Ave., next to the Maccabee Hall. The next meeting will be held there on March 22 at 12 noon. The public is invited to attend.

That I may come with a firm and tranquil mind to the work of this day, fearing nothing.—John Brisben Walker.

MIAMI BEACH, FLA: Guests of the ultra smart Kenilworth Cabanna Club were honored by a glowing smile from this Florida Orange Bowl Queen, Corine Gustafson, as the camera caught her in this natural pose.

# Albany Civil Defense News

Commander Gerald Browne of Albany Civil Defense today released the following six survival secrets for biological warfare based on information received from the State Civil Defense Headquarters. Always Put First Things First

1. Keep yourself and your home clean. Don't help germs by making things easy for them. Germs have trouble living in clean places, and people who keep clean are less likely to get sick.
2. Report sickness promptly. If you or your family get sick, never fail to tell your doctor. If you live on a farm, report all sickness or deaths among your poultry or livestock. Report plant diseases or unusual insects you find in your garden or crops.
3. Give all possible help to authorities. If you're asked for a blood sample, give it. If you're told a "shot in the arm" or vaccination is needed by all, don't hold back. Keep your neighborhood clean — starting now.
- Never Lose Your Head
4. Don't rush outside right after a bombing. Unless you have a civil defense job to do, stay inside until the all clear signal is given. Cover broken windows to keep out possible contamination.
5. Don't take chances with food and water in open containers. Bottled or canned foods would be safe after a BW attack, if the containers weren't broken. But foods in the open might be contaminated. If in doubt, boil for 10 minutes. That will kill most germs.
6. Don't start rumors—don't believe wild stories. Start a rumor and you may start a panic. A panic could cost your own life. So disregard wild talk about biological warfare and don't pass it on to your friends.

He that places himself neither higher nor lower than he ought to do, exercises the truest humility.—Colton.

# Here Is a Beautiful Bride's Cake Easy To Make with White Cake Mix

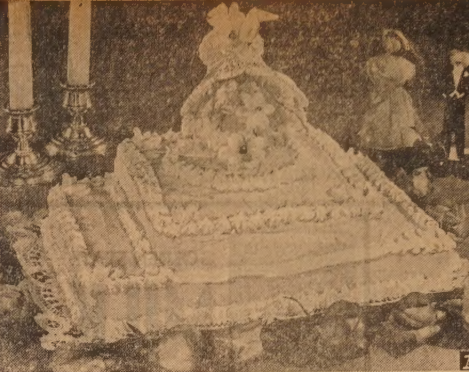

Photo courtesy Swans Down Instant Cake Mix

If there's going to be a wedding at your house or if you want to delight one of your friends who's going to be married, here's an idea: make a bride's cake of white cake mix.

It's a lovely cake, quick, easy and beautiful. And inexpensive, too. Just figure it out for yourself—three packages of Instant Cake Mix, three and a half cups of milk, and sugar and egg whites for frosting. It cuts into pieces enough for 25 or 30 people, downy light and delicious, a bride-cake masterpiece.

After you've frosted the cake smoothly, you can decorate it with flutings and curlicues put on with a pastry tube, and for extra trimming add a few little birds or flowers sold for cake decorating. Practice with the pastry tube by squirting a sample of your frosting on a piece of waxed paper. You can scrape up the practice frosting and put it back in the tube to use again, so no waste is involved in perfecting your technique.

3 1/2 cups milk

\$150,000 taxes daily for your well-being

A. B. Jacobsen, chairman of the Monterey County Board of Supervisors, says the Company's new Moss Landing Steam Plant "will contribute more revenue in local taxes than any other single industrial development in the history of Monterey County."

J. F. Nielsen, Redding car dealer, says: "Local businessmen benefit directly from P.G. and E.'s annual payroll of \$1,640,000 in Shasta Division, and all of us benefit from the Company's taxes of more than \$1,700,000—almost half of all property taxes collected in our county."

Charles H. Aikins, Superintendent of Schools, Amador County, knows the value to his community of P.G. and E.'s property taxes. For, of the total property taxes collected by Amador County last year for its 121 schools, 53% or \$209,176 was paid by P.G. and E.

# Hair Beauty for Teens

As longer locks grow in favor, and the once-popular short do fades out of the Teen picture, it's important to learn how to manage and care for your hair. First, choose a style that's easy to maintain. Unless you have classic features, soft loose waves are most flattering; leave corkscrew curls to the sawdust. Then, to keep your hair lustrous and shining, remember a girl's best friend is still the hairbrush. Take time out to give your hair a thorough brushing every day—and we do mean every day.

A teenager whose mother treated her to a permanent at Saks Fifth Avenue was astonished to hear Mr. Theo, the hair stylist, tell her not to be afraid to brush a new permanent briskly. "The wave won't come out," said Mr. Theo, "so don't feel you must pamper it by handling it gently. Stimulation from vigorous brushing is good for oily or dry hair before and after a permanent, for it normalizes both lazy and over-eager oil glands."

For best results choose a brush with good firm bristles and a shaped handle that's easy to grasp. Pictured is Stanley's "Catherine"—an all-nylon hairbrush with a special shaped-hand handle. Since the whole brush is made of nylon, it can be sterilized in boiling water without harming the finish of handle or bristles. And it's important to keep your brush, as your hair, clean. Don't wait until shampoo-time to wash it.

Re-routing Long Distance circuits—one of the many interesting, vital jobs for women in the telephone business.

# THE GIRLS BEHIND EACH TELEPHONE "HELLO"

Theirs are important jobs—and they do them well

1. Here's one business where the spotlight's really on women. Because of the nature of telephone work, nearly two out of every three telephone people are women—a high percentage. And they must be capable, well-trained women to handle your calls efficiently and serve you well in our offices. We train them, at our expense of course. And they earn good money in this important work.
2. Practically every sort of job—from accounting to teaching—can be found in our business. In addition to good pay, the girls have the security of the company-paid Benefit Plan and enjoy holidays and vacations with pay. All know they have a good chance to advance as their ability grows. Perhaps the best evidence of the importance of women to us is that hundreds have management jobs.

MUTUAL ADMIRATION, is the  
feeling between NBC-TV Tues-  
day evening "Fireside Theater"  
and famous film actress Gertrude  
Michael who is often seen in their  
dramatic productions. Miss Mi-  
chael began her career in little  
theater, stepped onto the Broad-  
way stage, into films and on into  
radio and TV.

... TV pet  
She loves to play a variety of parts  
— a shrew one time, a heroic  
mother, an ambitious career wom-  
an or hypochondriac spinster the  
next — a pleasure which is seldom  
possible in films. "Fireside Thea-  
ter," gives Miss Michael its nod  
of approval by casting her time  
after time throughout the year.

DISC CHATTER: Here's an  
MGM record, "Aba Daba Honey-  
moon" featuring Carleton Car-  
penter and Debbie Reynolds,  
which is rapidly becoming a na-  
tional hit. The disc is recorded  
direct from the sound track of  
the MGM film "Two Weeks  
With Love."

RUMORS ARE AROUND that  
radio's news headliner, Lowell  
Thomas, heard on CBS weeknights,  
is heading for another of his trips,  
this year, to some remote land.  
Thomas has the wander-lust in his  
soul and with a few apparent  
plans, is away to far-off places,  
then back to relate his experi-  
ences so vividly to his radio au-  
dience that they feel they are  
really there. Last . . . wander-lust  
stop, Tibet, was taken with son,  
Lowell Thomas Jr. who wrote his  
first book "Out of This World"  
about the experience. Son Lowell,  
now just 27, is following in his  
father's footsteps. He is already  
traveler-lecturer-author.

### "THE SHAMPOO THAT CURLS!"

"Shampoo-Curl" is a luscious new  
kind of Cream Shampoo. You have never  
used a shampoo that gives so much rich  
creamy lather—that leaves the hair so  
soft, lovely and beautiful.

And you have never used any method  
to curl your hair that is so safe, so quick  
and leaves you with masses of glorious,  
silky curls or deep shifting waves.

Wet hair thoroughly. Apply SHAMPOO-  
CURL and rinse. Apply second applica-  
tion, leaving it on hair 3 to 5 minutes.  
Then rinse, set hair into favorite hair-de-  
vices, pin curls or curlers, and allow  
to dry. Then comb.

### Texas Taters

If you are on the lookout for an idea which will put a little  
"give" in the food dollar try Texas Taters.

Instead of serving potatoes as a meat accompaniment for dinner  
star them as the main dish dressed up as "Texas Taters." This potato  
innovation is designed to stretch a quarter-pound of ground beef into  
six servings. Scooped-out potato pulp is whipped together with milk  
and fortified margarine to a smooth, rich fluffy mixture. Hot browned  
beef, drippings, grated sharp cheese and seasonings are folded in to  
finish off the tasty filling for the potato shells.

Glazed tiny golden carrots, a simple tossed salad, crisp crusted  
rolls served with margarine for spreading complete a dinner course  
that is bound to cut corners on your food costs.

### TEXAS TATERS

6 medium-sized potatoes 2 tablespoons minced onion  
6 tablespoons fortified margarine 1/2 teaspoon salt  
1 cup milk 1/4 teaspoon pepper  
1 cup grated sharp cheese 1 tablespoon minced parsley  
1/2 cup minced celery

Hot browned ground beef and drippings; Melt 2 tablespoons  
fortified margarine in a skillet over low heat. Add 1/2 pound  
ground beef, season to taste with salt and pepper and cook  
until done. Stir occasionally.

Cut a thin slice off the flat side  
of the potato. With a spoon re-  
move as much as you can of the  
potato without breaking the skin.  
Mash the pulp. Add margarine,  
milk, cheese, onion, salt, pepper,  
parsley, celery, browned beef and  
drippings. Fill potato shells with  
the mixture. Place 1/2 teaspoon  
fortified margarine on top of each  
filled potato. Place the Texas  
Taters on a broiler rack and broil  
4 inches from the source of heat  
until the tops are delicately  
brown, about 5 to 7 minutes.  
Yield: 6 servings.
